CLAIMS

What is claimed is:

1	1.	A method for providing voice-enabled driving directions, comprising the
2		steps of:
3	(a)	receiving an utterance representative of a flight identifier;
4	(b)	transcribing the utterance utilizing a speech recognition process; and
5	(c)	querying a database for generating flight information based on the flight
6		identifier.
1 2	2.	The method as recited in claim 1, wherein the utterance is received utilizing a network.
1	3.	The method as recited in claim 1, wherein the network includes the Internet.
1 2	4.	The method as recited in claim 1, wherein the flight information includes a time of arrival of the flight.
1 2	5.	The method as recited in claim 1, wherein the flight identifier includes a flight number.
1	6.	A computer program product for providing voice-enabled driving directions,
2		comprising:
3	(a)	computer code for receiving an utterance representative of a flight identifier;
4	(b)	computer code for transcribing the utterance utilizing a speech recognition
5		process; and
6	(c)	computer code for querying a database for generating flight information
7		hased on the flight identifier.

15.

flight number.

1

2

The computer program product as recited in claim 6, wherein the utterance is 7. 1 received utilizing a network. 2 The computer program product as recited in claim 6, wherein the network 8. 1 2 includes the Internet. 9. The computer program product as recited in claim 6, wherein the flight 1 information includes a time of arrival of the flight. 2 The computer program product as recited in claim 6, wherein the flight 1 10. identifier includes a flight number. 2 A system for providing voice-enabled driving directions, comprising: 11. 1 logic for receiving an utterance representative of a flight identifier; 2 (a) logic for transcribing the utterance utilizing a speech recognition process; and 3 (b) logic for querying a database for generating flight information based on the 4 (c) flight identifier. 5 The system as recited in claim 11, wherein the utterance is received utilizing 1 12. a network. 2 The system as recited in claim 11, wherein the network includes the Internet. 13. 1 The system as recited in claim 11, wherein the flight information includes a 1 14. time of arrival of the flight. 2 The system as recited in claim 11, wherein the flight identifier includes a
